

PRESENTS:

ACTING AND THEATRE CREATION CAMP!

Come join the fun! Young creators and performers enrolled in this fun and engaging camp will use their imagination while learning all about acting and play making through theatre games, improvisation, storytelling, character creation and more. In this week-long camp, participants will create their own characters and create an original play of their very own, all while learning core acting and theatre skills. All students of any experience level are welcome! Students will begin camp with a tour of Spring Hills Farm and a chance to learn about the work the farm is doing and meet the animals that call the farm home.

The class will culminate in a casual production for friends and family of the participants own, original play.
